To create your 3D advent wreath, first decorate a paper plate using the leaves and berries on the last page of this document. Using green paper, paint, marker, or crayon for the leaves and red for the berries is encouraged.

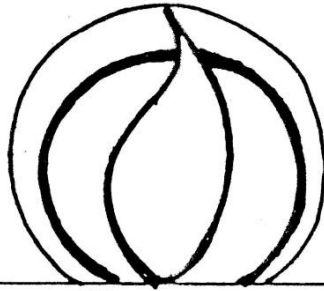

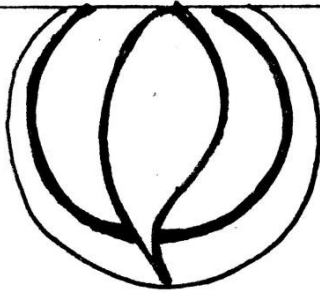

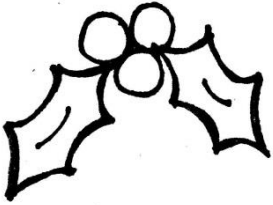

This will be the base for your Advent Candle display. Next, cut the peace, hope, love, and joy candles out. Color the flame and the candles. Then wrap them as a cylinder and glue together at the tab. Each week during advent, when we light a candle in church, you can follow along and attach your 3D candle to your wreath.
